PROFESSIONAL EXPERIENCE

Stratagraph NE, Inc.

Reno, Ohio. Mud Logger

July 2007 – Present

Provide logging services during the drilling of oil and gas wells through out the Appalachian Basin.

BL Myers Brothers, Inc.

Fredrick Maryland. DRILLER

November 2004 – July 2004

Installed monitoring wells, water supply wells, geothermal wells, soil borings using a Schram T450 air rotary rig, Mobil Drill B61 auger rig and AMS direct push rig. Licensed apprentice driller in Maryland with a Class B Pennsylvania commercial drivers license.

Austin James Associates, Inc

Pocono Pines, PA DRILLER

December 2003 – November 2004

Operated and maintained the company's air rotary drill rig (IR T3). Also provided support for project management, system installation and operation as well as sales support.

Acorn Direct-Push Drilling Services

Morris Plains, NJ/Thomasville, PA DRILLER AND REGIONAL MANAGER

May 2003 – December 2003

Responsible for developing new business in Pennsylvania, Maryland and Virginia while operating a direct push drill rig.

Integrity Environmental Services (a Subsidiary of Environmental Consulting Inc.)

Thomasville, PA PRESIDENT

July 2002 – May 2003

Integrity Environmental offers assistance to tank owners and industry service providers in dealing with the Fund and the PADEP. The IES mission is to assist and guide our clients to conduct their work in a manner consistent with the policies, procedures and recommendations of both the USTIF and the PADEP. Integrity Environmental also offers assistance with the implementation of new, innovative remedial technologies as a means to reduce overall project costs and expedite closure.

Environmental Business Solutions International, Inc.

Wayne, NJ VP OF REMEDIATION

May 2001 – August 2002

Responsible for the management and implementation of the company's injection based chemical oxidation remedial technology. All projects were conducted on a Pay-for-Performance basis, similar to the program considered by the USTIF. The responsibilities of this position also included prospecting for new business as well as managing field technicians and subcontractors.

ICF Consulting, Inc.

Harrisburg, PA CLAIMS INVESTIGATOR

November 1996 to May 2001

As a claims investigator with ICF Inc, I became intimately familiar with the policies and procedures of the Indemnification Fund and it's present third party administrator. My extensive experience in the environmental field enabled me to tackle the most difficult cases and assist the other investigators with their claims. Additionally, I was called upon to testify as an expert witness during administrative hearings conducted by the Fund. I believe the most valuable contribution I made to ICF and the Fund was to assist them with establishing procedures, which would reduce the misuse of the Fund by claimants and service providers thus streamlining the claims processing efforts.

The Restoration Network

Thomasville, PA PRESIDENT

October 1996 – May 2001

A consulting firm which conducted underground storage tank removal, as well as assessment and remedial services to both private clients and insurance companies in central PA and Maryland.

REMAC USA, Inc,

Silver Springs, MD SENIOR GEOLOGIST

February 1996 – October 1996

Responsible for all projects involving subsurface soil and groundwater investigations and remediation. Projects were located in PA, MD, DE, VA, NY, and NJ. Provided oversight and supervision of staff level technicians. Prepared weekly financial report. Responsible for new business development.

Environmental Products & Services, Inc.

Harrisburg, PA BRANCH GEOSCIENCE MANAGER

February 1993 - January 1996

Responsible for all projects involving subsurface soil and groundwater investigations and remediation. Projects were located in PA, NY, and NJ. Participated in emergency spill response activities and general industrial maintenance work. Provided oversight and supervision of staff level technicians. Prepared monthly financial report, Responsible for new business development.

Environmental Strategies and Applications, Inc.

Flemington, NJ ASSISTANT PROJECT MANAGER/HYDROGEOLOGIST

November 1990 - December 1992

Handled all facets of project management responsibilities and performed extensive site work involving UST removals, soil and groundwater sampling and site remediation via excavation and disposal.

Applied Wastewater Technology, Inc.

BELLE MEAD, NJ FIELD GEOLOGIST/HYDROGEOLOGIST

November 1988 – December 1990

Responsible for setting up, coordinating and conducting soil, bedrock and groundwater investigations.

Melick-Tully & Associates, Inc.

South Bound Brook, NJ

SOUTH BOUND BROOK, NJ STAFF GEOLOGIST

June 1986 – November 1988

Supervised and conducted subsurface investigations and site inspections.
